FUNDRAISING FOR EVENTS AND TRIPS

Fundraising is undertaken to augment the financing of Girl Guide activities and programs. In all fundraising activities, it is necessary that the reputation, integrity, and identity of Girl Guides of Canada-Guides du Canada be maintained.

Funds raised in the name of Guiding, for a Guiding specific event or trip, are used within the organization.

Funds raised in the name of Girl Guides of Canada, for the purpose of independent group travel which is left over at the completion of the trip, or unused if said travel is cancelled, is placed in trust at the area level for that unit/group for a period of two years for a specific future trip. After two years the money remains at the area level for the purpose of funding other trips for girls as designated by the area council. The area council has the discretion to use these funds in an appropriate manner. The reviewed / audited financial records and leftover funds are to be submitted to the area council within 90 days of the conclusion of the event/trip.
